To whomsoever it may concern

Subject: Authorization Letter for RG Laurence Manufacturing in CFTI, India

CIRCOR Flow Technologies India Pvt. Ltd, Coimbatore, India and Leslie Controls Inc. based out of Tampa, USA are both 100 % subsidiaries of CIRCOR International Inc., located at 30, Corporate Drive, Burlington, MA, USA.

Leslie Controls Inc. would like to bring to your notice that it will be transitioning the complete manufacturing of the RG Laurence product lines to our CIRCOR facility located in Coimbatore, India. This effort will enable the team to expand our commercial focus and enhance our manufacturing capabilities to better serve your growing needs.

Kindly note that our CIRCOR Operating System (COS) holds all manufacturing sites across the globe accountable to the exact same high standards and key performance indicators. The products engineered and manufactured in the CIRCOR Coimbatore facility will follow the same design, materials and processes, with no change to its function, quality or performance.

Henceforth, CIRCOR Flow Technologies India Pvt. Ltd, having its manufacturing facility based at Coimbatore, will be the only manufacturing location for the RG Laurence Products. All future global requirements for RG Laurence will be designed, manufactured, serviced and shipped from CIRCOR Flow Technologies India Pvt. Ltd

We hereby authorize CIRCOR Flow Technologies India Pvt. Ltd, Coimbatore to manufacture, quote and sell RG Laurence products for all global requirements.

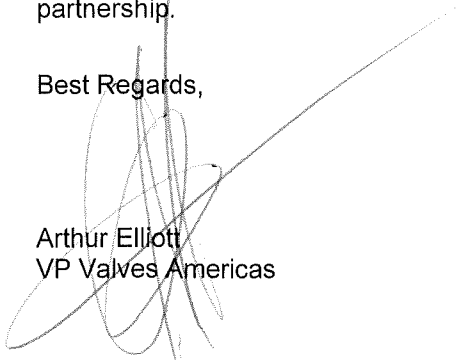

Pre / Post order queries can be communicated to the below mentioned address.

CIRCOR Flow Technologies India Private Limited

SF No. 337/2, No.15 Naranapuram Village,
Thennampalayam to Annur Road,
Ponnandampalayam. Coimbatore - 641 659. India.

Thank you for your understanding and support during our move. We look forward to our continued partnership.

Best Regards,

Arthur Elliott
VP Valves Americas
